

Hi, I'm Sandy.
Can you help me find 7 letters
which have been hidden
around the park?
Use the map to find them all
then un-scramble the letters
to make an important word!

AT EACH LOCATION YOU
WILL FIND A LETTER AND
AN ITEM TO COLLECT.
CAN YOU FIND THEM ALL?

Did you know, each year at least 8 million pieces of plastic are entering the oceans every single day! A plastic bottle can last for 450 years in the marine environment, slowly fragmenting into smaller and smaller pieces but never truly go away. Here at Pentewan Sands, we want to help raise awareness of the damage single use plastics are causing to our environment in a fun and educational way. Which is why we've hidden 7 letters around the park. Can you use the map to find them all and help raise awareness about our environment?

At each location you will also find an item to collect. Once you have collected all the letters and items, **PLEASE BRING THEM TO THE SEAHORSE ON THURSDAY AT 10.30AM** to claim your Certificate and Badge. What's more, the Entertainment's Team will be on hand to help you make something special with your collected items!

Letter	Item to collect	Letter	Item to collect	Letter	Item to collect
<input type="text"/>	<input type="text"/>	<input type="text"/>
<input type="text"/>	<input type="text"/>		
<input type="text"/>	<input type="text"/>		

Unscramble the letters to find the hidden word:

Please don't go roaming in public bins for the items. Why not have a look around your tent, caravan or holiday home and see what you find? Don't worry if you can't find the exact item, an alternative will be fine :)
